# **MAGIC CLOTH**

***Save Your Time, Save your Energy  
& Save Your Money***

***The Healthier You Are, The Happier You Are***

**BYRAM MAGIC CLOTH** helps you to create a brighter, healthier and cleaner indoor atmosphere by removing indoor irritants and allergens

Harmful dust consists of thousands of irritating “micro-fine” particles, such as pollen, mold spores, lint, dirt, dust mites and smoke residue

**BYRAM MAGIC CLOTH** will attract and hold the dirt and dust particles like a magnet.

Unlike other cloths, the **BYRAM MAGIC CLOTH** has a unique dust attracting and holding property, which prevents dust scattering.

Dust will be snatched into the **BYRAM MAGIC CLOTH** fabric and not spread around or circulated in the air, when shaken.

### WHAT IS MICRO FIBER ?

It is a fiber made of polyester polyamide. Each fiber is not thicker than (1/100<sup>th</sup>) part strand of hair. Woven or knitted together, it provides a very fine surface that produces highly efficient cleaning qualities.

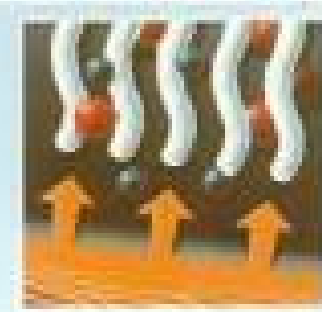

### HOW TO COMPARE IT ?

**Old/Traditional style**

**Dirt is just smeared around and not thoroughly removed**

**Micro fiber way**

**Micro fiber works by static electricity and capillary action**

*The Healthier You Are, The Happier You Are*

## **All Purpose BYRAM MAGIC CLOTH**

### **Safe & Ergonomic**

No detergents / chemicals required; use only water

Does not allow bacteria growth

Free of chemicals, odor and lint

Helps to remove dust irritants that cause allergies
